Attention, YOUNG Adults!

Some of you younger parents have said you'd *like* to go on trips with the Adult Program but couldn't ~ because you had to be on the Club porch to retrieve kids coming back from Junior Program trips.

Well, we heard you, and help is on the way.

This year, as a trial, there are two trips ~ one in July and one in August ~ specifically coordinated with Junior Program trips so you can send your young ATISers off, then go on a hike that's due back in time for his/her/their return.

On July 23 Margie and Sam Ticknor will lead an Adult trip to Lost Pond, leaving at 10 and due back at 2:30, coinciding with the Junior trip to the Crows.

And on August 12, Sam Fisk will lead an Adult trip to Cascade, leaving at 8 and due back at 1, coinciding with the Junior trip to Pitchoff Boulders.

If the trips are popular, we'll try to arrange more in future years, so ...

... if *you've* been looking forward to the time when you could start "playing with the grown-ups" ~ here's your chance.
